- Radiology and Diagnostic Lab

Northern Nevada HOPES is constructing a brand new, 37,000 sq foot medical facility on its campus in downtown Reno, NV.

The Stacie Mathewson Community Wellness Center, named in honor of a generous \$1.9 million gift from Stacie Mathewson, will house all of HOPES' existing services, while allowing HOPES to add new programs and services to better serve the community.

The new medical facility is expected to open in late 2015. For information on potential naming opportunities and how you can get involved, please contact Sharon Chamberlain at (775) 348-2895 or sharon@nnhopes.org.
